#### Report on review of interim condensed consolidated financial information

To the board of directors of National Industries Group Holding – KPSC Kuwait

#### Introduction

We have reviewed the accompanying interim condensed consolidated financial position of National Industries Group Holding (Kuwaiti Public Shareholding Company) (the "Parent Company") and its Subsidiaries (collectively the "Group") as of 30 June 2015 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

#### Report on review of other legal and regulatory requirements

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 25 of 2012 and its Executive Regulations or of the Memorandum of Incorporation and Articles of Association of the Parent Company, as amended, have occurred during the six-month period ended 30 June 2015 that might have had a material effect on the business or financial position of the Parent Company.

#### Fair value hierarchy for financial instruments measured at fair value

The following table presents the financial assets and liabilities which are measured at fair value in the interim condensed consolidated statement of financial position in accordance with the fair value hierarchy.

This hierarchy groups financial assets and liabilities into three levels based on the significance of inputs used in measuring the fair value of the financial assets and liabilities. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

The financial assets and liabilities measured at fair value in the statement of financial position are Grouped into the fair value hierarchy as follows;

The Group measurement of financial assets and liabilities classified in level 3 uses valuation techniques inputs that are not based on observable market date. The financial instruments within this level can be reconciled from beginning to ending balances as follows:

	30 June 2015 (Unaudited) KD '000	31 Dec. 2014 (Audited) KD '000	30 June 2014 (Unaudited) KD '000
Opening balance	274,244	279,517	279,517
Net change in fair value recognised in other comprehensive income	6,423	39,156	4,496
Impairment recognised in profit or loss	(217)	(8,560)	(420)
Net change in fair value recognised in profit or loss	223	(1,202)	650
Net addition/(disposals) during the period/year	(5,808)	(34,667)	3,484
Closing balance	274,865	274,244	287,727
